ELECTIVE COURSES

COURSE	DESCRIPTION
DRAMA	This introductory Drama course gives students a chance to explore the basic building blocks of theatre in a low-pressure environment. The focus is on collaboration, creativity and cooperation.
MUSIC	This is an introductory instrumental music class in which students will learn to play a band instrument of their choice. Students are also introduced to basic theory concepts and to music appreciation. No musical experience necessary.
ABORIGINAL VISUAL ARTS	This course examines Aboriginal cultures in Canada through an exploration of art forms such as painting and sculpting. Students will learn to identify Aboriginal art forms and describe relationships between the art forms and Aboriginal traditions, philosophy, and culture. Students will also create their own art forms to express their understanding of Aboriginal identity, relationships, and sovereignty.
INTRODUCTION TO INFORMATION TECHNOLOGIES IN BUSINESS	Students will develop skills in word processing, spreadsheets, databases, desktop publishing, presentation software and website design.
INTEGRATED TECHNOLOGY	Students will design and create products and/or provide services related to the various technological areas or industries, working with a variety of tools, equipment and software.
EXPLORING FAMILY STUDIES	This course explores concepts related to becoming responsible members of society. Students will have opportunities to develop interpersonal, decision-making, and practical skills related to daily life
